“ Your mom was talked kindly about by my mom as we were growing up. She was a special lady. My daughter and I went to pick up crochet patterns from her and talked with her and your dad for several hours, while they showed us around. I told her about me making quilts and I walked away with several boxes of material that she gave me to make a quilt. She told my daughter that she would have more crochet patterns for her later. Loved visiting with them.
