“ Oh Aimo..there are a million things I wish I could say to you. A million we did say during our 28 years. Through all our ups and downs you always had my back. You knew how I felt about that. I am your person and you are mine. That is just the way it is. I'm so proud of our boys. They've all went above and beyond what they should have had to. You were always proud of them. You are doubly so now I'm sure. We got it right!

The best thing that ever happened to my life was you and our boys. Wait for me. I'

ll be with you again. You will always have my heart just like you always have. I miss you so much already. This life will never be the same without you but I cherish every moment we had.

“ *I am so very, very sorry for your loss. There was no one quite like Amy. She was unique and adorable in her very own special way. She will be missed. My heart aches for each of you.*
