“ I will always remember my mother as the one that loved me the most in my life ,She was the one person that I always could turn to. We had or ups and downs. But if I needed someone she was there. I remember the early years of mom when times were simpler. Her and the sisters dancing in the basement to 50s and 60s music party's at our house. I will continue to tell all the old memories as long as I remember.

“ I will always cherish the times we spent together. Camping, going to bingo, putting puzzles together and getting up at 4am on Black Friday, driving in a snow storm into town with Aunt Marlene asking what the heck are we doing. You were truly one special lady. We all love you and miss you.

“ What a glorious reunion it must have been when you crossed over and Dad was there to greet you. I will always miss the times we spent together whether on camping trips, or hanging out on the deck up north, just chatting about anything and everything. You and Dad made our childhood some of my greatest memories. I'll always cherish how much I anticipated coming up north just to get those warm hugs and kisses, and to taste the cookies, zucchini bread or one of my favorites, liver and onion meals that it seemed you made just for me. Nobody can and ever will fill the void I feel right now since you left, but I have a whole lifetime of wonderful memories to help get me through it. Rest in peace Mama, I'll love and miss you till we meet again.

“ I will always remember Aunt Babs as a hard worker that loved her family more than anything in the world. She was always doing or making something. I will always treasure the time I spent with the family. I will also treasure the quilts and pillow cases she sent me. Aunt Babs will be missed.
