“ I only knew Dave a short while as I only moved into the Davidsen Shores Condos 2 years ago, but he was always so kind and helpful to me. He was patient with my questions and needs during the construction of my beautiful home, and I am so thankful for his vision and work on creating the development. My deepest sympathies to the family on your loss.

“ Was so saddened to hear that David was diagnosed with ALS about a year ago - and now, saddened to hear that he has passed. However, glad that he is freed from that disease now and no longer in pain or suffering. I have many memories of David over the years and times spent with our families, and watching the Gregg children grow up. Can hardly remember seeing David without a smile on his face - and the photo attached here captures that wonderful smile! Wishing comfort to his family, and may David rest in peace.

We were so saddened to learn of Dave's passing. I have so many fond memories of him and his great personality from when we worked across the hall from each other at DHD #1 & #10. He was always helpful and smiling. And then there was that fun week that the four of us spent in Las Vegas. Dave got to go up on stage and play a poker hand for a million dollars. He didn't win the million but it gave us all some exciting moments!

We will miss Dave and are so glad for all the years that we knew him. He was a great guy and will be remembered by all who ever met him. Our love and prayers to you, Linda.
