“ Dave was more of a brother to me than a cousin. I will never forget the day we met. I had just started working at AVON automotive, my father was the plant manager. Dave walked up to me in the break room and said “Hi, my name is Dave, I’m your cousin”. I looked at him and said get lost dude. I found out that night from my father, that he was indeed my cousin. We became best friend after that. We lived together on and off, he kept my head above water. It’s because of Dave, that I got into the fire service. He will be missed by so many, especially me.

“ We are sad to hear of David's passing. As young children, he and our son David would compare Christmas gifts, hats and mittens knitted by Grandma Donna. Nancy, take comfort in your community of family and friends.
