“ *Eunice was such a loving person and her and Glen were like second grandparents to our son (Peter's best friend). They always included Kevin and created a lot of special memories while the boys were growing up. She touched a lot of lives and was admired, respected, loved, and friends to so many. So for your loss and your family are in our thoughts.*

“ One of my most favorite nursing instructors!!! She certainly shared her love and knowledge of nursing with us all. I have enjoyed many years of nursing since that class of 1979 but often wondered where she was and what she was up to...she loved having potlucks with us, and we were able to share many stories with her about ourselves and our families. She always made you feel special. I am sure she will be dearly missed.

“ I have often wondered what happened to my favorite Mrs. Corp. I was in the class of 1980 McPherson School of Practical Nursing. She was so kind and helpful to me in molding the nurse that I have become. I am sorry for your loss but she has earned her wings in heaven and will be your guardian angel. You are in my thoughts and prayers.
