“ Greg and family.....  
Your father was a wonderful and kind gentleman as I am sure you know. Your special working relationship with him over the years was not only educational but humorous at times. Not many father-son teams can work in such small confines and have such nice results. Sure miss seeing the two of you traveling down the roads going from job to job. Peace be with you all as we remember a very fine man.

“ Dear Marge & Family,  
  
You are in our thoughts and prayers at this time of the loss of your husband, father, grandfather and great-grandfather. He will be greatly missed by all of us who knew him. I am sorry but I may not be able to make it to the visitation because I am having some medical tests at the time of the visitation but if I get done in time I will drop by the funeral home after the tests if someone is still there. You all are in our thoughts and prayers. Sending our love to you all.
