“ Aunt Hazel was one of my happy childhood memories. She would babysit and once we were put to bed for the evening...she would let me sneak up and we would make pizza. My very first bike was Hazel's hand me down. It was mint green and white. She always made me feel like a princess. I loved staying the night with her. She will be missed.

“ *The Simon family down the street sends our condolences and peace. Hazel was a great joy to our kids when they were young (now both in their 20's). They would head down to her place and she'd provide them with whatever goodie she had on hand that day. Abby would spend lots of time down there chatting with Hazel. They loved to ride their bikes past her house and wave. Her presence on the block will be greatly missed.*

“ *I'm so sorry for your loss. I had the honor to meet Hazel back in the 80's. I met her through her son Dave. Her family was and is very close, and when they stick together they can get through this. Prayers go out to the family, and friends of Hazel so god will give them the strength during this time.*
