“ We are holding you in our thoughts and prayers during the loss of your Mother Joan. She was a kind, thoughtful woman. At the same time, my Father always tells me how tough she was in the classroom - back in their days together in Warren schools. I am so glad to have known her and for her raising Brian - whom I will always regard as a great friend.

“ Please accept my condolences. Joan is such a bright, positive, talented, beautiful woman! Losing your mother, no matter what age, is one of the most difficult things.

Stay strong.

“*Firstly, my deepest sympathies to all of Joan's children and grandchildren in this great loss. Joan was a good friend, so very kind and so very intelligent. She was the "Honor Student" (formerly called "valedictorian" which meant highest grade point average) in our high school graduating class of 1950. She delivered an appropriate speech that evening, with her characteristic wit, which kept the audience laughing. Joan was always humble in the good sense; she obviously knew that she was graced with superior intelligence but it was always balanced with her virtues of kindness, sympathy, charity, good will towards others, and immense and steady common sense. Joan Spolyar Kelly was a gem! I remember that she threw a party at her home for the entire class, shortly before our high-school graduation. Everything was done according to perfection, from the invitations, individual menu scrolls, and superb food. She cooked all of the food for all 37+ of us, which must have been a daunting task for a young lady of 18! Of course the party was a smasshing success. Another special memory is that Joan and Gene, sometime during the late 1980s or early 1990s, came to visit me at my home in Old Town Alexandria, VA, and had dinner with me. They had been visiting one of their children in Maryland and "crossed the Potomac" to visit. It was a special evening. Although she was academically accomplished, it was obvious that the center of Joan's life, appropriately, was Gene and her children.*

Joan and I kept in touch, intermittently, over the years. I received a Christmas card this year, prepared by her daughter. She provided her phone number and asked me to call her, which I did, just a few weeks ago. We had a nice chat for several minutes. I promised to call again, and now this. I will always remember her fondly and with great affection and admiration. Dear Joan, Rest in Peace!

"Eternal Rest grant unto Joan, O Lord, and let Perpetual Light shine upon her. May her soul, and all the souls of the Faithful departed, rest in peace. Amen."

“ *I remember well our times at Mesick High. I was a classmate of Joan's sister, Stephanie. I recall Joan as a very intelligent young lady.....just like Stephanie. Looking back, I'm amazed at the number of talented and good people who came out of that school. May God grant you eternal peace, Joan. And may He give your family comfort.*

“Joan and I go back to Kindergarten at the Harrietta School, on through high school graduation and all the years since. It is hard to give up those we've shared a lifetime with. We always appreciated the loyalty of Joan and Gene to our class and school alumni reunions, their pleasant company. I'm recalling, too, a wonderful Holiday open house when she hosted the Harrietta women's club in her home, everything so gracious and festive foods. I accompanied my mother there and recall the lovely spirit of the occasion. God rest you now, Joan, in peace and comfort.
Our sympathy to her beloved family in your loss.
