“ *John was one of the kindest men I have ever met. Not long after I came to the company, I had the pleasure of working with him until he retired. His knowledge of not only the job but of Cadillac was impressive. While I learned a lot from John over the years regarding our jobs, my favorite was when we could just kick back and talk about his adventures, his kids and grandchildren (which always put a huge smile on his face), and his love for the outdoors. He will be sorely missed, and it was an honor to get to know him. So deeply sorry for your loss.*
