Over the years, we have had fun times playing Putt Putt-, ½ Koosh-, or going bowling with you or in my younger years when you use to bring my siblings and I to 31's ice cream...and I will forever love my Jamoca Almond Fudge ice cream ½ because of you and have loved it ever since. My mom always cherished you and enjoyed working with you at Brooks Brothers. I remember how happy you became when she helped you get this shipping clerk job. You have always been part of the Domanico family from 1976 and onward. My son Julian and my daughter Maria and I will always remember all the priceless moments we spent together over the years. You knew us and we definitely knew you. We will miss you so much and wish you everlasting peace. We love you Kath-This is who we know you as-not Kate but Kathy- -when I first met you as I was a child, you said hi I am Kathy next door, do you like cookies ½ and then our love grew for you - All my love to you forever-..also, give my love to my mom and dad plus Bailey-I am sure all of you will have fun together like the old times-
