Who really knows who YOU really are
They don't walk in your shoes or sit in your car
The vehicle here upon the Earth that we walk
Your Body, Your Name, Your SOUL and Your Clock
The Clock begins and starts ticking the DAY YOU ARRIVE
The lessons, the reasons all hidden INSIDE
We journey on through and try to make fit
Our lives and our lessons all wander a bit
But all and all we come to the wonderous end
When the life circle is over and the new one begins
The circle of life found within it a wheel
The journey INSIDE is all that is REAL
We have had the honor of YOU in our LIVES
Now, WE HONOR YOU most as your WINGS touch the Skies
Until we meet again

“ I had the pleasure of getting to know Kurtis over the past few years. He was always so sweet, caring, and compassionate. I can only hope he knew how much he meant to so many of us. He became a part of our family and is going to be truly and deeply missed. May you find comfort in knowing that he was very much loved and cared about, our hearts are hurting, but we were so blessed to have him in our lives .
