

Lawrence Michael Walter

November 26, 1964 - September 15, 2022

Lawrence Michael Walter of Cadillac succumbed to a life-long battle of mental illness and addiction Thursday, September 15, 2022. He was only 57. Larry was born November 26, 1964.

Larry's career, relationships, talents and future were robbed by his use and abuse of illegal drugs; the same drugs that ultimately took his life.

Larry's family would like his death to help remove the stigma associated with mental illness and increase awareness of the correlation between mental illness and illegal drug use that took their loved one. According to the Center for Disease Control and Prevention, adults with mental health conditions experience a higher rate of substance use than adults without mental health conditions do.

His loss is felt by his four children: Gere, Jared, Anna, and Allison; grandchildren: Dahlia and Brysen; his mother, Sharon Brazee; his father, Peter Walter; siblings, Michael Walter and Robin Walter; an aunt, MaryAnn LaPratt and several nieces and nephews.

He was preceded in death by a brother, Peter Walter in 2009.

Cremation has taken place and no services will be held at this time.

“ Larry was my cousin. I remember back when we were young in Michigan how the Walter and LaPratt kids would get together and have a good time. Larry always had a kind soul. In the late 1990's I lived in Orlando and Larry called and asked if he could live with me for a while. He spent about six months with me, we got to catch up on our and our family's lives. We spent time talking about his struggles with bipolar disorder, I could relate since I have suffered from depression most of my life. It pains me to see how this affected his life but I understand.

My condolences go out to my Uncle Pete and Cousin's Robin and Michael and the rest of the Walter family who have lost their son, brother, father and grandfather far too soon.

Larry, may your soul rest in peace. Sincerely, Chris Walter
