“ Dennis and Fritz, I just heard that your mom passed away last month, and I want to send my condolences. I have a lot of good memories of your mom and always remember her smiling when she came to the garage door to see who was knocking so early in the morning. Of course, she knew who it would be. I'll always remember how beautiful her garden looked when I walked in your back yard, too, and I wondered how anyone could grow that many flowers. I also remember your dad making the garden with railroad ties, or wood that looked like them. I'm sure they're reunited again and planning another camping excursion, maybe to one of the two states they didn't get to see when they were covering the lower 48. All my best.

“ I met Mary Ann when I took care of her husband while he was in the Nursing Home I worked at. We became close and we soon found out we shared the same birthday. She would try and come in every year before traveling out of state to wish me a Happy Birthday. Her and Del were great people. May they both be together now. RIP sweet lady!

“ I will miss you so much Mary Ann. You were definitely a part of my family life growing up. I remember coming to your house with my family and all the fun we had in the winter on ski trips. I will always remember bringing my mom up to see you and spending some time visiting as we all talked about old memories.
