“ Mike we will always remember your love. We've shared some very special times together. Our hearts and minds will always remember and cherish each moment we shared. We will cherish what we have learned from you. You have left an imprint on our hearts. Still can't believe you are gone. We have lost so much, but with our loss came your gain. We know you're in God's hands now. Until we meet again.

“Michael and I recently met a couple months ago at our chicken farm through Hope Network and the community skills and learning program of which I volunteer with. He was such a happy person and always interested in what he could do next to help. He loved petty our mini bantam chicken named Beulah May. I will miss his eagerness to please, his great big smile and his loving hugs. I feel so blessed for the opportunity to have met him and share our little chicken farm with him.
