“ *Dear Preston, I am so sad that you have left us in the physical world. You are so very loved. I met you the first time in your mommy's tummy. We were so excited. Then our many families get togethers they were such fun and your birthday celebrations. I was at several of your ball games with your Grandma Kay and many other family members were there to cheer you on. Your daddy coached a lot of the games, and he was so proud of you. Another proud moment was when I attended your graduation party and later following your accomplishments on social media. As the saying goes "I love you to the moon and back". Your loving Great Aunt Pattie.*
