“ *Mr. Levanduski was a wonderful teacher, that I shared and recalled about, of my school memories. One of the best, educators. Math is in everything. Mr. Levanduski's dedication to his students, I believe was to prepare them for life and to stay or become good people in the world. Someone you can count on. I will carry you on in my thoughts. You are a great man. Thank You!!!*

“ He was one of the most influential people in my youth. I will always be thankful to him for his coaching and teaching. I still remember his poem he told us.

*It's easy to sit when the going gets tough.*

*It's easy to ride when the road is to rough.*

*It's easy to say I don't care.*

*But don't you dare.*
