“ *In addition to the musical talent which she shared so readily and
freely, I found Aunt Suzy to be a wealth of information about our
family history, nature, artifacts, etc. I admired her strength and
independent spirit, and will dearly miss hearing her perform, her
stories, and her laugh. Holding you all close in my heart.*

“ *My heart is broken for my cousins, dad and Aunt. Aunt Suzy was such an inspiration to me musically, I soaked it up as a child watching her sing and yodel. So many happy memories, and her sense of humor! Love you all and lifting you up.*
