“ Tracy was a student at Baker College here in Cadillac and I am an adjunct instructor who was blessed to have her in class as a student on 2 occasions, including this term. Her commitment to her education was very evident and her positive spirit supported her classmates. She was playful and our developing relationship was one of mutual support and encouragement. I will miss her and I pray for the Holy Spirit to provide comfort for her family in this time of loss and grief.

“ I meet Tracy at the temp agency in cadillac several years ago when I went to get a job there. She was very nice and friendly. From there we started being friends, she helped me out when I need someone to talk to and when she moved back from florida I helped her out too. She was an inspiration to me. You couldn't ask for a better friend! I love you Tracy and I miss you! RIP my good friend! My thoughts and prayers are with your family!
